MEMORANDUM FOR: Deputy Director of Training (Special)

SUBJECT: Weekly Activity Report #40 -- 1 Oct - 8 Oct 1952

I. OLD ACTIVITIES

A. Courses Currently in Session

Communist Party Operations Course #9 is currently being presented (13 students, 1 auditor).

B. Courses Scheduled and Planned

Evasion and Escape Course #15 to commence 27 October.

Revised CI/CE Course to be offered early November.

[redacted] Course to be offered mid-November.

C. In line with the proposed plan to transform the CE Course into a course more specifically designed to develop a knowledge of CI and CE as they pertain to operational security, Chief, TDS, will undertake revision of and addition to available instructional material and will himself conduct the initial presentation scheduled for early November. Indications have been received from PP of a very heavy student load requirement for this course. Owing to an enrollment ceiling of 16 per course, which must be fixed to maintain the effectiveness of seminar instruction, ATD could not, with its present single instructor capacity, expect to take care of PP requirements alone in this field for probably well over a year's period. Since there also exist continuing FI and possibly developing PO needs for this training, a situation seems likely to develop which cannot be satisfactorily handled without additional qualified instructor personnel.

D. [redacted]

E. Several ATD instructors have been participating in special training projects of the Covert Training Division, Special Projects Branch, and Training Development Staff.

II. NEW ACTIVITIES

None.
